A MESSAGE FROM THE OLLI EXECUTIVE COUNCIL PRESIDENT

On February 23, 2022 at our Executive Council Meeting, Mr. Tim Murphy from the Stony Brook Foundation will be attending our meeting to answer our questions.

The \$2 million endowment that the Osher Foundation has granted to our OLLI Program at Stony Brook University is managed by the Stony Brook Foundation. We have a lot of questions we would like answered, and hopefully Mr. Murphy will be able to provide some, if not all, of the answers. If you have any questions for Mr. Murphy, please forward them to me at mfhance@aol.com. We are going to have one person ask the

questions so we can keep it organized.

I look forward to receiving the questions, and having Mr. Murphy speak at our Executive Council Meeting on February 23rd.

Regards,
Mary Hance, President, OLLI Executive Council

Carriage Collection Highlights: The Streets of New York

Step back in time with our world class carriage collection and explore vehicles featured in the Museum's Streets of New York Gallery. Several carriages will be examined, as well as close-up images and related photos from the period. You will enjoy guided discussions from the comfort of your home with museum educators which will spark conversation, learning, and fun!

Programs are offered at no charge.
Space is limited and preregistration is required.
To reserve your spot or for more information please call (631) 751-0966 x212 or email educators@longislandmuseum.org.
Once you register, a Zoom link will be sent to you.

All *In the Moment* programs are underwritten by a generous grant from the Knapp/Swezey Foundation, Inc.

SBU Department of Neurology Needs Your Help!

Researchers at Stony Brook Medicine need your input on an emergency care research study of bleeding in the brain. Stony Brook University Hospital is joining researchers at more than 100 other hospitals across the United States and other countries to conduct a research study of bleeding in the brain called FASTEST. This research study may affect you or someone you know, and we need to find out ahead

of time that the community thinks about it. Thank you for your help and time in completing this survey.

There are no known risks involved in participating in this survey. Your participation in this survey is completely voluntary. You can scroll down to view a brief video (~ 2 minutes) (click on the picture of an arm receiving medication) and then complete the survey by using the link below. For more info, please contact the study team listed.
